To Ash/ Willow Reception

Ahoy, you did it! Thank you so much you did a brilliant job with the subtraction problems. The sea monster was very scary when he woke up but as soon as I showed him the answers to the questions he changed. He was actually quite sweet in the end. I rather liked him actually and would have like to bring him along as my second pet. I'm not sure Beaky agreed with me though. So the good news is that we have arrived, we followed the rest of your maps and found the island. I've taken a photo of it for you and put it on the next page. It's amazing isn't it. Have a go at writing some sentences for me to describe it. Remember if you want Mrs Long to put it up on the web page send them to her and she will post them so everyone in your class can see it. Now all that's left to do is find that treasure. "Come on Beaky, grab the spade in your Beak and lets get digging." I'll let you know how we get on tomorrow.
