

SCHOOL RISK ASSESSMENT – COVID-19

NOTE: Due to the constantly changing situation this general risk assessment **MUST** be amended to reflect each school's specific controls on an ongoing basis, including the impact of any local lockdown measures in line with the [Government's contain framework](#).

Text highlighted in yellow relates to new amendments to the content.

PART A. ASSESSMENT DETAILS:

Area/task/activity: Full School opening arrangements during COVID-19 restrictions

Location of activity:

Team/School name: Address & Contact details:	St Wilfrid's School Pennystone Road Halton LA2 6QE	Name of Person(s) undertaking Assessment:	Claire Weymouth
		Signature(s):	<i>C Weymouth</i>
Line Manager/ Headteacher (Name/Title):	Claire Weymouth Headteacher	Date of Assessment:	15.7.20
Signature:	<i>C Weymouth</i>	Review Dates:	21.07.20 18.8.20 10.9.20 28.10.20 3.1.21 11.1.21
How communicated to staff:	Zoom Staff meeting 15.7.20, 27.8.20 5.1.21 Email 20.8.20 11.9.20 Whatsapp 15.9.20, 3.11.20, 3.1.21	Date communicated to staff:	20.8.20 11.9.20 15.9.20 3.11.20 3.1.21

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
Changes to official COVID-19 guidance and advice	Staff, pupils, visitors, contractors, parents	Potential spread of infectious disease	<ul style="list-style-type: none"> • School regularly refers to official advice from the DfE, PHE, HS&Q and HR; <ul style="list-style-type: none"> ○ Coronavirus (Covid-19): guidance for schools and other educational settings ○ LCC Schools HR guidance ○ LCC Health & Safety COVID-19 web page • Headteacher or other senior person keeps up to date with official COVID-19 Guidance and informs employees/school arrangements as required; • For secondary schools/colleges only: Arrangements are in place to comply with the Government and NHS requirements for rapid coronavirus testing of staff and pupils from January 2021.
Vulnerable & extremely vulnerable staff or pupils with pre-existing health conditions	Staff, pupils, household members	Becoming seriously ill from the effects of coronavirus, potential to be life threatening	<ul style="list-style-type: none"> • Staff who are identified as clinically extremely vulnerable through a current letter from the NHS or specialist doctor are advised to follow current government guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19. The government will write to people if they are required to follow more restrictive formal shielding measures due to an increase in risk in the worst affected areas; • Most children originally identified as clinically extremely vulnerable no longer need to follow original shielding advice. Parents are advised to speak to their child's Doctor to clarify whether their child should still be classed as clinically extremely vulnerable; • Children whose Doctor has recently confirmed they are clinically extremely vulnerable are advised to follow current government guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 or the specific advice of their Doctor; • Pupils who are no longer required to shield but who generally remain under the care of a specialist health professional may need to discuss

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>their care with their health professional. The school works closely with parents of children who are extremely vulnerable to support a return to school, carrying out an individual risk assessment as necessary;</p> <ul style="list-style-type: none"> School applies the measures set out in the government Guidance for full opening: schools as far as is reasonably practicable to reduce the risk to all staff, visitors and pupils including those who are extremely clinically vulnerable and clinically vulnerable; The Headteacher will take steps to discuss the concerns of parents of pupils with possible risk factors and provide reassurance of the measures they are putting in place to reduce the risk in school. Staff members who are in these categories are reminded to take particular care; Where an employee expresses concerns or is identified as being in the clinically vulnerable categories an individual risk assessment will be completed to assess the risks to that individual and identify ways to reduce these risk to an acceptable level including where possible the need for any reasonable adjustments such as temporarily working from home or temporary deployment to a role where it is possible to maintain social distancing. This will be done in consultation with the member of staff and will be reviewed on a regular basis or in the event of any significant changes; 2 members of staff fall into this category. After seeking individual medical advice, both have confirmed that they are cleared to return to work subject to the control measures/risk assessment being in place. Pregnant women are categorised as 'clinically vulnerable' as a precautionary measure. As per the Management of Health and Safety at

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>Work Regulations 1999 (MHSW) a new & expectant mother risk assessment and individual Covid-19 concerns risk assessment will be completed for all pregnant staff;</p> <ul style="list-style-type: none"> • People who live with those who are clinically extremely vulnerable or clinically vulnerable attend the workplace as normal; • Some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the COVID-19: review of disparities in risks and outcomes report. If people with significant risk factors express concerns an individual risk assessment will be completed to assess the risks to that individual and identify ways to reduce them to an acceptable level; See above • People who live with those who have comparatively increased risk from coronavirus (COVID-19) attend the workplace as normal; • (Advice for those who are extremely clinically vulnerable can be found in the guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19).
Staff, pupils & household members displaying signs of COVID-19	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Staff, parents/carers and pupils are made aware of the virus symptoms; • Staff, other adults and pupils are instructed not to come into school if they or members of their household have coronavirus (COVID-19) symptoms, or have tested positive in at least the last 10 days in-line with the guidance for households with possible coronavirus infection; • Staff, other adults or pupils showing COVID-19 symptoms are sent home, to self-isolate for 10 days and instructed to arrange a test to see if they have COVID-19; • Staff and parents are advised that other members of their household (including any siblings) must self-isolate for 10 days from date of onset of

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>symptoms;</p> <ul style="list-style-type: none"> • Staff, parents/carers and pupils are required to provide the school with details of anyone they or their child have been in close contact with if they test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace; • Staff and parents have been instructed to inform school immediately of the results of a test so that an assessment can be made of the potential impact on school; • If someone with symptoms tests negative and have not been told by the Test & Trace Team to self-isolate, if they feel well and have been without a fever for 48 hours they can stop self-isolating; • Staff who have assisted someone who has taken ill with COVID-19 symptoms and any pupils who have been in close contact with them, will wash their hands with warm, running water and soap for a minimum of 20 seconds. They do not need to go home unless they display the symptoms themselves, the symptomatic person subsequently tests positive or are advised to do so by NHS Test and Trace, the School or Local Health Protection Team; • If a pupil displays symptoms their parent/carer will be required to take them home. Where this is not immediately possible, the pupil will be placed in a separate room until they can be collected, whilst being mindful of the individual pupils' needs; <p>The KS1 Phonics Room will be used for this purpose. A child can be supervised from the EYFS outdoor area and also the KS1 corridor, as required. See Action plan: <i>What to do if a child develops COVID 19 symptoms at school</i> copied to all staff.</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Ideally, a window will be opened in the room for increased ventilation; • If it is not possible to isolate the pupil e.g. if it causes them undue distress or they need to remain under adult observation, an assessment will be carried out to see whether it is sufficient to move them to an area which is at least 2 metres away from others; • If an individual (adult or child) showing COVID-19 symptoms, needs to use the toilet while waiting to go home, they will use a separate toilet if possible. The toilet will then be cleaned and disinfected before being used by anyone else; • The Disabled toilet will be available for use if necessary. • The area around the person with symptoms will be cleaned and disinfected using disposable cloths or paper towels and disposable mop heads after they have left to reduce the risk of passing the infection on to other people as per the COVID-19: cleaning of non-healthcare settings guidance; • When caring for someone with symptoms of coronavirus (COVID-19) a face mask should be worn if a distance of 2 metres cannot be maintained. If direct contact is necessary, then gloves, an apron and a face mask should be worn; • If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, then eye protection will also be worn by the supervising adult.
Staff, pupils & household members test positive for COVID-19	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • If someone tests positive, they are instructed to follow the 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection' self-isolating for at least 10 days from the onset of their

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>symptoms, or from their test day if they are asymptomatic, and will only be allowed to return to school when they have been without a fever for at least 48 hours.</p> <ul style="list-style-type: none"> • They can return to school after 10 days even if they still have a cough or loss of sense of smell/taste as these symptoms can last for several weeks after the infection has gone; • They will be advised that other members of their household must continue self-isolating for the full 10 days; • Where the staff member or pupil has been in school during the infectious period for COVID-19 i.e. 48 hours before the onset of their symptoms, the school will undertake a rapid risk assessment to identify the bubble to which the pupil or staff member is allocated and/or any other staff or pupils who have been in close contact with them during the 48 hours prior to the onset of their symptoms; if the staff member / pupil has not been in school the 48 hours before the onset of their symptoms the school do not need to take any further action; • Based on the outcome from the rapid risk assessment, school will send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious. Close contact means: <ul style="list-style-type: none"> ○ direct close contact - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin); ○ proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> ○ travelling in a small vehicle, i.e. a car, with an infected person; • School will follow the guidance in the latest PHE (Lancashire) Schools Resource Pack (circulated to schools via the Schools Bulletin) which provides advice on managing positive cases and who to contact for help; • School will keep a record of pupils and staff in each group (bubble) and any close contact that takes place between children and staff in different groups. School will not share the names or details of people with coronavirus (COVID-19) unless essential to protect others; Bubbles will be clearly defined and contact with other bubbles/staff will be kept to a minimum and monitored/recorded. • Household members of those contacts who are sent home do not need to self-isolate themselves unless the pupil or staff member who is self-isolating subsequently develops symptoms; • If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 10-day isolation period they are instructed to follow the 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection' and instructed to get a test; • If the test is negative they are instructed to remain in isolation for the remainder of the 10-day isolation period as they could still develop the coronavirus (COVID-19) within the remaining days; • If the test result is positive, they are instructed to inform school immediately, and must isolate for at least 10 days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 10-day isolation period); • They are advised that their household should self-isolate for at least 10

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>days from when the symptomatic person first had symptoms;</p> <ul style="list-style-type: none"> In the event that a parent or guardian insists on a child attending school, the Headteacher will take the decision to refuse the child if in their reasonable judgement it is necessary to protect their pupils and staff from possible infection with coronavirus (COVID-19). Any such decision will be carefully considered in light of all the circumstances and current public health advice.
<p>Outbreak of Covid-19 within school</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Spread of infectious disease</p>	<ul style="list-style-type: none"> The school will work closely with the local health protection team if there are two or more confirmed cases within 14 days, or there is an overall rise in sickness absence where coronavirus (COVID-19) is suspected. The local health protection team will advise if additional action is required; School is aware that in consultation with the local Director of Public Health, where an outbreak in a school is confirmed, a mobile testing unit may be dispatched to test others who may have been in contact with the person who has tested positive. Testing will first focus on the person's class, followed by their year group, then the whole school if necessary, in line with routine public health outbreak control practice.
<p>Transmission of Covid-19 due to lack of consultation on safe working practices and provision of information & instruction on safe ways of working.</p>	<p>Staff, pupils, visitors, contractors, parents</p>	<p>Spread of infectious disease</p>	<ul style="list-style-type: none"> Guidance and training is provided for staff to ensure they understand, and can enforce, the new routines and support pupils in understanding them and are familiar with revised physical arrangements; Senior leaders within school ensure staff are consulted when considering local arrangements and there is ongoing engagement with staff (including through trade unions and employee representative groups) to monitor and understand any unforeseen impacts of changes to working environments; <p>Consultation with staff takes place via regular staff meetings and a shared planning document, available on Onedrive.</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Senior personnel, are available to offer support and advice and to monitor the current working arrangements on a daily basis; • All new staff and volunteers are provided with a site induction and adequate information, instruction and training on local health, safety and COVID secure arrangements and their key roles and responsibilities; • Signage, posters and other instructions are displayed to support implementation of COVID secure measures; • Up to date information and guidance on how to manage the risks associated with COVID -19 are available on the Health & Safety Website.
Spread of Covid-19 during travel to and from school on dedicated transport	Staff, pupils, household members, members of the public	Potential spread of infectious disease Pupils stranded or missing	<ul style="list-style-type: none"> • The school has arrangements for advising parents and carers that pupils must not board home to school transport if they, or a member of their household, has symptoms of coronavirus (Covid-19); • If a pupil develops symptoms whilst at school, the school will contact the parent or carer who should make arrangements for the child or young person's journey home; • Pupils on dedicated school services do not mix with the general public on those journeys and tend to be consistent. Therefore the usual social distancing measures will not apply from the Autumn term 2020 on dedicated transport; <p>Swimming transport is our sole dedicated school service and currently this is used by Y3 bubble only subject to robust risk assessments from Travellers' and Carnforth Swimming Pool. This is being kept under review.</p> <p>The approach to dedicated transport has been aligned as far as possible with the principles underpinning the system of controls set out in school</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>and where possible takes into account how pupils are grouped together at school;</p> <ul style="list-style-type: none"> • Pupils are instructed to use hand sanitiser upon boarding and disembarking transport; • Drivers and passenger assistants use alcohol hand rub or sanitiser at intervals throughout the journey, and after performing tasks such as helping a pupil into the vehicle or handling a pupil's belongings. • Assurances have been given by transport providers that transport is cleaned regularly and that high touch points are sanitised prior to a school pick up/drop off; • A system is in place to manage queuing, boarding and disembarking from transport to prevent unnecessary close contact with others; • As far as is possible pupils are required to sit in their bubbles on dedicated transport and maintain social distancing if practicable; • Ventilation within the vehicle is maximised by opening windows and ceiling vents to allow fresh air to circulate; • Pupils in years 7 aged 11 and above are required to must wear a face covering when travelling on dedicated school transport. This does not apply to those who are exempt from wearing a face covering; • Additional dedicated school transport services have been put in place to reduce the number of pupils needing to use public transport; • School have been assured that transport providers, as far as possible, follow hygiene rules and try to keep distance from passengers; • School have been assured that drivers have been instructed that they must not undertake duties for school if they or a member of their

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

			<p>household are displaying any symptoms of coronavirus;</p> <ul style="list-style-type: none"> A separate risk assessment and working arrangements agreed with the Health Protection Board are in place which include the wearing of medical standard PPE by passenger assistants and driver attendants (where appropriate) and training on their correct use and safe disposal; <p>Guidance & support from the School Transport team available on the Schools Portal;</p> <p>For more information see Government Guidance: Transport to school and other places of education: 2020 to 2021 academic year</p>
Spread of Covid-19 during travel to and from school on public transport	Staff, pupils, household members, members of the public	Potential spread of infectious disease Pupils stranded or missing	<ul style="list-style-type: none"> Strategies have been implemented to reduce the use of public transport by pupils to get to and from school particularly at peak times including; Increasing the number of dedicated school buses; Introducing staggered start and finish times to enable travel to take place out of peak times; Staff and pupils are encouraged to walk or cycle to school where possible; Facilities are in place to store bikes securely. This will be continually monitored to ensure sufficient facilities are in place to meet demand; The school have implemented a system of 'walking buses' to support families to be able to walk their children to school. NB- This is applicable to Kid's Club <p>There are no known pupils using public transport to travel to/from school. This will be kept under review.</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> ○ Where this is not possible, use of private transport or a dedicated school bus is recommended; ○ If public transport has to be used, staff, parents and pupils are advised to follow social distancing rules and to wear a face covering when on public transport; Anyone likely to be affected will be advised ○ Families who use public transport have been referred to safer travel guidance for passengers which includes guidance on how to wear a face covering.
Spread of Covid-19 when arriving at school	Staff, pupils, household members, members of the public	Potential spread of infectious disease Pupils stranded or missing	<ul style="list-style-type: none"> ● Parents/carers are requested not to enter school unless absolutely necessary and by appointment only. When it is necessary for parent/carer to enter the school building they will be instructed to follow handwashing and social distancing guidelines; ● Arrangements are in place for parents/carers to drop off and collect children at specified times, without physically entering the premises e.g. front gate drop-off with staff meeting pupils at the school door; <p>3 separate entrances will be used:</p> <ul style="list-style-type: none"> ● main drive (Y3/Y4) ● library path (YR/Y1/Y2) ● High Road entrance to field (Y5/Y6) <p>This will be managed by staff, on the gates who will communicate via radio controls. Start /finish times will also be staggered and social distancing measures communicated clearly to parents via the ParentApp (Parent</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>Handbook 2020 sent 19.8.20</p> <ul style="list-style-type: none"> • Parents have been advised that only one parent should accompany their child to the school entrance; • Pupils have been instructed not to touch the front of their face covering during use or when removing them on arrival at school; • Reusable face coverings must be placed in a plastic bag that the wearer has brought with them and stowed in a safe place such as a school bag to be taken home; • Those removing face coverings are required to wash or sanitise their hands before and immediately after removing it; • A covered bin is in place for non-reusable face coverings on arrival at the school grounds; A covered bin is located in the school entrance area. • The contents of the bin will be disposed of as normal domestic waste unless the wearer has symptoms of Covid-19 in which case it will be disposed of in line with the guidance on cleaning for non-healthcare settings; • All staff and pupils wash their hands thoroughly with warm, running water and hand soap for at least 20 seconds on arrival at school; <p>Children use either classroom/cloakroom sinks or handwashing stations on entry to school at frequently through the day as prompted by staff. Hand sanitizer, including wall mounted and portable bottles are located in all classrooms and in designated areas of high usage: entry/ photocopier/offices/ staff room</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>Transmission of Covid-19 through insufficient personal hygiene</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Good hand hygiene and the need to wash hands more frequently is promoted around school; • Staff, pupils and visitors are instructed to wash hands when they arrive at school, when they return from breaks, when they change rooms, before and after eating, after using the toilet, after touching shared resources or after touching their face, blowing their nose, sneezing, coughing; • Hand washing facilities are readily available. Where hand washing facilities are not readily available, hand sanitiser stations have been positioned to allow pupils and staff to clean their hands regularly; • Where necessary pupils are supervised and monitored to ensure safe and appropriate hand hygiene; • Alcohol based hand sanitiser or wipes are not used in lessons or activities involving the use of naked flames e.g. in science labs or food tech classes. Hands will be washed using soap and running water and dried thoroughly; • Skin cleaning wipes have been made available for use with very young pupils or pupils with complex needs; • Pupils are encouraged to avoid touching their faces whenever possible particularly with unwashed hands; • The Catch it, Bin it, Kill it guidance is promoted to catch coughs and sneezes in tissues and throw them in the bin immediately (hands to be washed immediately after disposal); • Pupils are reminded how to catch coughs and sneezes if a tissue is not readily available i.e. in the crook of the elbow rather than in the hands; • Posters are displayed on good hand washing technique and government

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>guidelines on good respiratory hygiene;</p> <ul style="list-style-type: none"> • Young pupils and pupils with complex needs are supported to follow the catch it, bin it, kill it guidance; • Tissues are readily available around school including in all classrooms and sufficient numbers of bins are in place for the disposal of tissues.
<p>Spread of COVID-19 virus via germs on surfaces and furniture within the building</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • An enhanced cleaning schedule is followed which includes; • More frequent cleaning of rooms/shared areas that are used by different groups; Additional cleaning staff/ hours throughout the school day have been arranged • Sanitising of tables in the dining area between different groups (bubbles) having their lunch; • More frequent cleaning of touched objects such as railings/bannisters, door and window handles, taps, desk/table tops, play equipment, toys, sports equipment, teaching & learning aids, computer equipment, telephones and toilet facilities; • thorough cleaning of all occupied areas at the end of the day; • When cleaning, the usual products i.e. detergents and bleach will be used as these are effective at getting rid of the virus on surfaces; • Staff have been instructed on cleaning and sanitising requirements including the use of chemicals and cleaning materials and instructions on the use of PPE; • PPE is provided for staff to wear during cleaning activities and must be worn as instructed e.g. gloves etc.; • COSHH risk assessments are in place and followed for cleaning products

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>and have been shared with staff as necessary;</p> <ul style="list-style-type: none"> • A documented cleaning checklist is in place to ensure the enhanced cleaning schedule is followed and maintained; • As the ability to social distance in early years setting is limited, additional meticulous attention is given to the cleaning regime; • In early years settings the use of soft toys and toys with intricate parts or that are otherwise hard to clean are not in use; • For individual and very frequently used equipment, such as pencils and pens, staff and pupils are instructed to have their own items that are not shared; • Classroom based resources, such as books and games are used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces; • Resources that are shared between classes or bubbles, such as sports, art and science equipment are cleaned frequently and meticulously between bubbles or; • Resources that are shared between classes or bubbles, such as sports, art and science equipment are rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles; • A separate risk assessment is in place for messy play e.g. sand, mud and water in early years settings which considers the DfE guidance; Actions for early years and childcare providers during the coronavirus outbreak; <p>Following further guidance: in addition, toys/objects are rotated in order to quarantine certain items</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Pupils are only allowed to bring essentials into school each day including school bag, lunch boxes, hats, coats, books, stationery and mobile phones; • Pupils and teachers are permitted to take books and other shared resources home that contribute to the pupil's education and development. Unnecessary sharing including the sharing of items that do not contribute to a pupil's education or development is not permitted; • Shared resources are cleaned frequently and meticulously and before being shared and taken home or; • Shared resources are rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) before being shared and taken home; <p style="color: green;">Where possible, marking should be done during lessons and within bubbles. Teachers may take books home to mark – but should quarantine them for at least 48 hours before/after or sanitise them when this is not possible. Marking routines should therefore be planned for in advance to facilitate this.</p> <p style="color: green;">Reading resources – a rotation system will be devised for the return/re-issue of books. Initially this will be limited to twice per week in order that books can be quarantined. More KS1 books will be purchased to ensure that there are sufficient to facilitate this. Similarly, a system for using Reading Record Books will be in place. Clear instructions will be communicated to staff /parents.</p> <ul style="list-style-type: none"> • A cleaning regime is in place for outdoor play equipment, outdoor seating, and outdoor handrails etc;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Waste bins are emptied at least daily or more often as necessary and the contents disposed of safely; • School follows the procedures set out in the Government guidance Cleaning in Non-Health Care Settings following a confirmed or suspected case of COVID-19 on site; • Contaminated or suspected contaminated waste will be double bagged, labelled and stored for 72 hours before being disposed of with general waste; • Where it is not possible to store waste for 72 hours, arrangements will be made for collection by the school's specialist clinical waste contractor; • Waste cleaning materials are disposed of in the usual way unless it is confirmed or suspected that they are contaminated as a result of a member of staff or pupil displaying symptoms; • Staff have been instructed to store personal items and clothing in areas not widely accessible during the working day e.g. in lockers. <p>Staff will store personal items in classroom bubble cupboards – not the shared cloak room.</p>
Transmission of Covid-19 through airborne particles due to interaction with a large number of other pupils	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • The school has applied the Government's principles of keeping groups separate (bubbles), keeping bubble sizes as small as is reasonably practicable and maintaining social distancing based on the age and ability of the pupils and the feasibility of measures when offering a broad curriculum; <p>Bubbles will consist of our 8 existing designated classes. However, following an assessment of the school circumstances:</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>Ash /Willow will be separate as far as reasonably possible but will operate as linked bubbles to enable all YR having access to outdoor classroom. Staff in each of these bubbles will remain separate as far as possible. Revision: 15.9.20. Both Willow and Ash class Reception children and designated class teachers require access to the entire Reception learning environment. This includes Ash class, Willow class, the outdoor area and our forest school. Each of these areas are set up with different aspects of the children’s learning objectives. We will restrict the children using Willow classroom to no more than 10 at a time using a band system</p> <p>Cherry/Chestnut will operate as separate bubbles (including staff, where possible*) However for practical reasons, children from Chestnut will be permitted to pass through to use the toilet, using a designated route. (guidance supports this under the description of “implementing partially” the separation of groups) This will be carefully managed and monitored by staff.</p> <p>*In the case of staff absences some temporary cross-over may be necessary. This will mean that Cherry/Chestnut operate as one bubble on a temporary basis.</p> <p>Whilst staff and pupils in each of the KS2 bubbles will remain separate as far as possible, practical arrangements at lunchtime means: Y3 bubble /Y4 bubble will be linked in order that lunchtime arrangements and supervision can be managed. Y5 bubble/ Y6 bubble will be linked in order that lunchtime arrangements and supervision can be managed. This will also mean shared use of toilets between Y3/Y4 and between Y5/Y6 although enhanced cleaning will be undertaken by EL where possible, e.g. between use by the bubbles during staggered breaks.</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Pupils have been placed in 'class bubbles' and interaction between other classes minimised as far as is reasonably practicable; • Pupils have been placed in 'class bubbles' for core subjects but are mixed in some curriculum subjects. Interaction between other years groups is minimised as far as is reasonably practicable; • Following an assessment of the school circumstances and the practical logistics, pupils have been placed in 'year group' bubbles to enable the school to offer a full curriculum. Interaction between other years groups is minimised as far as is reasonably practicable; • Children in early years settings are kept in small groups as far as possible • Early years settings who only care for children under the age of 5 are not required to keep children in small, consistent groups. Therefore the setting's normal group sizes have been resumed. The setting continues to minimise mixing between different groups of children; • Staff members in early years settings stay within a single group as far as possible e.g. on a day to day or weekly basis, in order to limit contacts; • Settings offering alternative provision take steps to minimise social contact and mixing as far as is practicable; • Smaller alternative provision settings have adopted a whole school bubble approach in order to best meet the needs of the pupils; • Classrooms are not shared with other class groups; <p>NB The ICT suite will be timetabled for use by <u>KS1 only</u>. Enough time will be allowed between class use to enable thorough cleaning and/or quarantining of equipment to enhance safety.</p> <ul style="list-style-type: none"> • Measures have been put in place to limit interaction, between groups

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>(bubbles) as much as possible;</p> <ul style="list-style-type: none"> Start and finish times are staggered to keep groups apart as they arrive and leave school; This will be advised to parents, including details of collecting children from multiple year groups. Start and finish times and breaks are staggered to ensure that corridors or circulation routes have a limited number of pupils using them at any time and to reduce mixing between groups; Children in different groups are encouraged not to play together/socialise at break times. Breaks are staggered to restrict the number of children playing at one time and groups are supervised and kept apart as far as possible; The outdoor areas (field/playgrounds) will be zoned (weather permitting) to facilitate separate groups of children. Movement outside of classrooms will be kept to an absolute minimum. KS2 will operate with 4 staggered break times when necessary (e.g. when field not available) <p>KS1 x 2 break times and 2 zones outside (playground and half of field) KS2 x 2 2 break times and 2 zones outside (playground and half of field)</p> <p>A separate detailed plan is available for staff including for when the weather is unsuitable for using the field.</p> <ul style="list-style-type: none"> Classroom selection and timetabling have been carefully managed to reduce movement around the building and to prevent mixing of different groups of pupils;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Where possible rooms are accessed directly from outside; • A one-way circulation route along corridors is in operation; • Lunch breaks are staggered allowing for time for cleaning of surfaces in dining areas between groups; • See separate timetable for lunchtime arrangements. This will be kept under review. • Different groups in the dining area will be kept apart as much as possible; • As far as practicable groups will be kept apart with only brief transitory contact where this is unavoidable; • Large gatherings such as assemblies or collective worship with more than one group is prohibited; • These will be class based, pre-recorded by SLT or via Zoom
Transmission of COVID-19 during physical education	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Only team sports listed on the <u>return to recreational team sport framework</u> will be played. Competition between different schools will not take place, in line with the wider restrictions on grassroots sport; • Pupils are kept in consistent groups during P.E and outdoor sports are prioritised where possible; • When indoor sport is unavoidable a large indoor space is used, maximising natural ventilation flows through opening windows and doors or using air conditioning systems wherever possible, distancing between pupils and scrupulous attention is given to cleaning and hygiene;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>From September there will be limited space in the dining hall, therefore all PE will be outdoors until further notice.</p> <ul style="list-style-type: none"> Where necessary external facilities are also used in line with government guidance for the use of, and travel to and from, those facilities; ; (See above re swimming transport etc) Specialist curriculum risk assessments will be put in place for indoor & outdoor P.E taking into account specific guidance on physical education;
Transmission of Covid-19 through airborne particles due to close proximity to others	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> Secondary school staff take active steps to maintain a 2 metre distance from their pupils at all times including staying at the front of the class, limiting face to face contact and minimising the time spent within 1 metre distance of anyone; Staff to maintain a 2 metre distance from each other at all times; Primary school staff maintain a 2 metre distance from pupils as far as is reasonable and when circumstances allow; Primary school staff avoid close face to face contact and minimise time spent within 1 metre distance of anyone; Staff and pupils in years 7 and above are required to wear a face covering in communal areas where a minimum distance of 1 metre from others cannot be guaranteed for example when moving along corridors. This does not apply to those who are exempt from wearing a face covering; In primary schools and early years settings where social distancing is not possible in areas outside of classrooms between members of staff or visitors, for example in staffrooms, it is the responsibility of the Headteacher to decide whether to ask staff or visitors to wear or agree to

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>them wearing face coverings in these circumstances and, if so, this will be communicated to all staff and visitors; From Jan 21 staff advised to increase use of face coverings in communal areas outside of their bubbles. Face coverings to be worn by staff and parents at the school gates.</p> <ul style="list-style-type: none"> • In light of the mitigating measures the school is taking e.g. setting up of class bubbles, face coverings will not be required to be worn in classrooms due to the negative impact they can have on learning, teaching and communication; • Staff and pupils have been instructed to sanitise their hands before putting on and removing a face covering, not to touch the front of their face covering during use or when removing it and to place reusable face coverings in a sealable plastic bag (that the wearer has brought with them) between uses as per government guidance on face coverings; • A small contingency supply of disposable face coverings will be available for instances where staff, pupils or visitors have forgotten to bring one of theirs has become soiled during the course of the day; • Bins are provided throughout the school for the disposal of disposable face masks. The contents of bins is disposed of as normal domestic waste unless the wearer has symptoms of COVID-19 in which case they will be disposed of in line with the guidance on cleaning for non-healthcare settings; • All staff and pupils are expected to adhere to the current social distancing guidelines as far as is reasonably practicable; • Where space allows, pupils who are old enough are supported to maintain a distance from each other and are encouraged not to touch staff and their peers where possible; Behaviour policy has been revised to reflect this

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Where staff or pupils cannot maintain social distancing due to space restrictions the risk is reduced by keeping pupils in smaller, class-sized group bubbles; (See below); • Classrooms have been adapted to support social distancing where possible including: <ul style="list-style-type: none"> ○ seating pupils side by side and facing forwards, rather than face to face or side on; ○ moving unnecessary furniture out of classrooms to make more space; Currently, unnecessary furniture is stored in the hall/ children’s centre <p>Pupil numbers attending</p> <p>Our capacity is based on previous safety guidance re social distancing of pupils as set out below:</p> <p>Classes will contain no more than 13 pupils per group and one teacher (and/or a teaching assistant). In some classes the pressure on Keyworker places means that there are requests for 15 places on certain days. Additional control measures will be put in place to accommodate this as follows:</p> <p>A workspace will be made available outside of the classroom for up to 2 children to work, under the supervision of the class teacher/TA.</p> <p>The governing body of St Wilfrid’s have agreed to prioritise places in the relevant year groups as set out below (NAHT guidance) :</p> <ol style="list-style-type: none"> 1. Vulnerable children 2. Children where both parents are key critical workers or children

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>with single parents who are key critical workers. NHS and education key workers to take priority if needed</p> <p>3. Children where only one of two parents is a key worker. NHS and education key workers to take priority if needed.</p> <ul style="list-style-type: none"> • Pupils will remain in the same small groups at all times each day, and different groups will not mix during the day, or on subsequent days; • The same teacher(s) and other staff will be assigned to each group and, as far as possible, these will stay the same during the day and on subsequent days; • The teacher and pupils within an individual group will use the same classroom or area of a setting throughout the day; • Where possible rooms are accessed directly from outside; <p>Where practical desks have been assigned to individuals or to the smallest number of pupils possible. Where desk sharing cannot be avoided desks are wiped down between changes of pupils;</p> <ul style="list-style-type: none"> • Desks are arranged for pupils to face forward wherever possible (particularly in KS2) to minimise face to face interaction and desk sharing is avoided. Cleaning is carried out throughout the day – and in particular when desks in communal areas are used by changes of pupils. • A risk/benefit assessment has been carried out for KS1. As a result, some desks are arranged for group activities • A one-way circulation route along corridors is in operation; Keep to the left i.e. through hall and left side door to KS1 return to KS2 via main corridor

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Breaks will be staggered to ensure that corridors or circulation routes have a limited number of pupils using them at any time; • Children in different groups are encouraged not to play together at break times. Breaks are staggered to restricted the number of children playing at one time and groups are supervised and kept apart as far as possible; • For more information please see guidance note from health and safety and design and construction on Use of Ventilation and Air Conditioning during the coronavirus outbreak;
Transmission of Covid-19 through airborne particles due to inadequate ventilation	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Where mechanical ventilation is present, re-circulatory systems have been adjusted to full fresh air. Where this is not possible mechanical ventilation systems have been switched off; • The school has followed the LCC Design & Construction guidance on the use of ventilation and air conditioning, the supplementary note for Winter 2020/21 and has sought specialist advice and assistance on ventilation measures from the Building Services Engineer or Building Consultant; • As much as possible, fresh air is increased within buildings by opening windows and doors frequently to encourage ventilation, taking account of any potential security, fire safety issues or inclement weather; • During winter months, as a minimum, windows will be fully opened 15 minutes before a room is used, and whenever a room is unoccupied in order to purge the air; • Where possible, windows will be kept partially open at times of occupation.

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>Transmission of Covid-19 through airborne particles due to singing, chanting, playing wind or brass instruments or shouting.</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Specialist curriculum risk assessments will be put in place for music dance and drama, taking into account specific government guidance on the performing arts and COVID-19, and guidance on the <u>suggested principles of safer singing</u>; • Singing, and playing wind and brass instruments will not take place in larger groups such as school choirs and ensembles, or school assemblies unless significant space, natural airflow (at least 10l/s/person for all present, including audiences) and strict social distancing and other mitigating factors are maintained; • Particular care will be taken in music, dance and drama lessons to observe social distancing including limiting group sizes, maintaining consistent bubbles and preventing the physical correction by teachers and contact between pupils in dance and drama; • These activities will only take place in larger well-ventilated spaces, or outdoors whilst maintaining a distance of at least 2 metres apart in all directions; • Pupils will be positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) whenever possible. Wind and brass players will be positioned so that the air from their instrument does not blow into another player; • Performance or rehearsal is for limited periods of time; • Background or accompanying music will be reduced to a level so that teachers or other performers do not have to raise their voices unduly. • Singing will be at a reduced level of loudness, using microphones for amplification if available; <p>Speaking performances will take account of the working safely during</p>

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			 <p>Risk Assessment for speaking in unison for coronavirus (Covid-19): performing arts</p> <ul style="list-style-type: none"> • If microphones are shared guidance on handling equipment will be followed; • Instruments will not be shared where at all possible, where this is not possible frequent cleaning of instruments between use will take place; • Schools and Early Year's settings in tier 3 or higher will not host performances with an audience and will use alternative methods such as live streaming and recording, subject to the usual safeguarding considerations and parental permissions; • Schools and Early Year's settings in tiers 1 & 2 will follow the latest advice in the DCMS performing arts guidance, implementing events in the lowest risk order as described. • <i>Further detailed guidance is available on working safely during coronavirus (Covid-19): performing arts</i>
Transmission of COVID-19 during Wraparound Provision	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • As far as is possible, children are kept in a group with other children from the same bubble they are in during the school day or; • It is impractical to keep children in their school day bubbles and will therefore be kept in the same small consistent groups each time as far as possible; • Resources are meticulously cleaned before being shared with a different bubble or;

			<ul style="list-style-type: none"> • The number of site deliveries has been reduced where possible; • A procedure is in place to wipe down deliveries with sanitiser on entering the school premises where possible; • Staff handling deliveries will observe good hand hygiene, washing hands using warm, running water and soap for a minimum of 20 seconds or using hand sanitiser after handling new deliveries that have not been sanitised.
Homeworking with DSE	Staff and members of their household	Development or worsening of existing musculoskeletal injuries or health conditions	<ul style="list-style-type: none"> • Homeworking will usually involve the use of Display Screen Equipment (DSE) in the form of mobile laptops, Yogas, tablets, phones, etc.; • Staff working from home have undertaken DSE e-learning and are aware of how to set-up their workstation and equipment at home so as not to cause additional health risks; • Staff have access to H&S information and support to assist homeworking arrangements such as: • H&S COVID-19 web page (section on 'How to support employees working from home'); • Remote H&S support is available via the Duty Officer by Tel: 01772 538877 or email HS&Q Team at: health.safety@lancashire.gov.uk ; • In circumstances where staff are homeworking for more than one month at a time, a Homeworker Checklist & Risk Assessment (see link to above web page) will be completed to identify any issues or concerns. The finding will be discussed with the line manager at school and further action taken where necessary.
Stress and Anxiety	Staff	Increased levels of stress/anxiety and	<ul style="list-style-type: none"> • Senior personnel monitor working arrangements and offer support and advice where necessary;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
		lower than normal levels of wellbeing	<ul style="list-style-type: none"> • Staff are able to contact colleagues or managers for advice and support, or just for reassurance, during the normal working day; • A process is available for individuals to report concerns over breaches of school safe working policy/guidelines so that intervention can occur; • Where a member of staff returning to the workplace has raised concerns about their safety or wellbeing due to the risk of COVID-19, where necessary their line manager will complete a risk assessment addressing COVID-19 concerns for an employee to help identify key concerns and any further adjustments required to support them at work; • Staff are made aware of sources of information that will assist staff wellbeing such as: <ul style="list-style-type: none"> ▪ Employee Wellbeing ▪ MIND web site ▪ H&S COVID-19 web page • The Department for Education is providing additional support for both pupil and staff wellbeing in the current situation. Information about the extra mental health support for pupils and teachers is available; • The Education Support Partnership provides a free helpline for school staff and targeted support for mental health and wellbeing.

This general risk assessment will apply to this area/task/activity in most schools providing the control measures described are in operation and there are no further local significant hazards. If it does not fully apply and further control measures are required, please complete the Action Plan at Part C. If it fully applies please sign below.

I certify that the risk assessment above fully applies to the area/task/activity under assessment in **St Wilfrid's CE Primary School, Halton**
